**In honor of Martin Luther King Day**, students in 2A participated in a Service Day Project. Students were asked to observe their neighborhoods and communities to see how they could make a big positive impact on the lives of others.

Once the students decided how they wanted to help they went to work planning and carrying out their Day of Service project. Once everyone completed their Day of Service the students reflected on how their Day of Service went and how they can continue to help.

We are so proud of Mrs. Prekulaj's 2nd graders and their service projects. All projects were carefully thought out and children participated in a variety of ways making a difference for others. One student, Jordan Schulte decided to complete a project that had a direct impact on our school community and has started a new tradition in "Welcoming new students"... Jordan created care packages for students who are new to WHS. These packages have already brought smiles to several new students.

Thank you 2A for all of your hard-work and service!

"Life's most persistent and urgent question is *What are you doing for others?*"
